Dear Friends and Supporters,

Thanks to you, 2024 has been another remarkable year for Oasis House! Now in our 22nd year, we continue to provide life-changing services to human trafficking victims and survivors. With the generosity of our donors, the dedication of our volunteers, and the unwavering commitment of our staff, we've expanded our impact—reaching more than 1,500 women and families, delivering over 7,000 hours of programming, and recording 2,280 volunteer hours.

This year brought exciting new opportunities. A key milestone was receiving a portion of Montgomery County's \$10 million opioid settlement, which will help grassroots programs like ours support victims of exploitation through 2025.

Since traffickers often use substances for recruitment and control, this funding will be instrumental in helping us change lives right here in our community.

We also partnered with Brixey & Meyer to develop a three-year strategic plan, refining our approach as a leader in the Miami Valley—empowering women and families while raising awareness about human trafficking. In addition, we hosted the annual Southwest Ohio Human Trafficking Conference, uniting professionals and advocates from across the state to share expertise and strengthen collaboration. We were honored to have Attorney General Dave Yost as the keynote speaker.

While there is still much work ahead, we are making a difference—together!

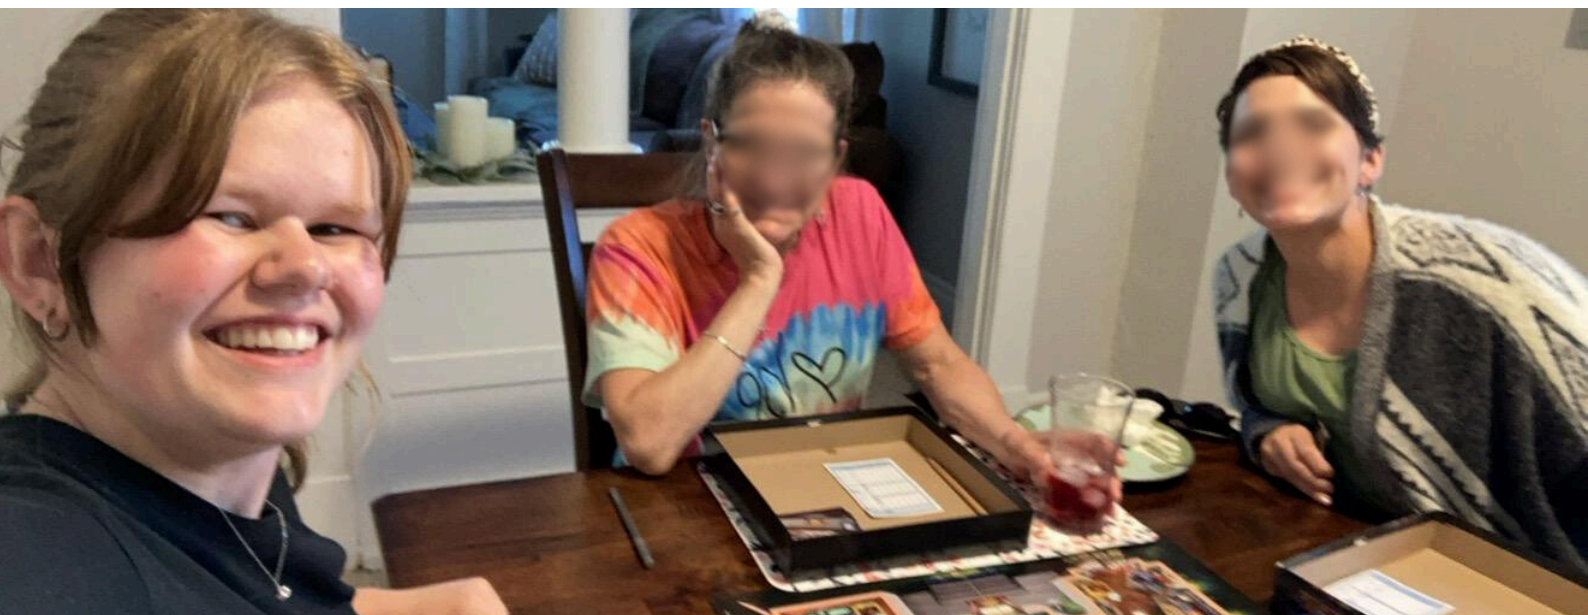

OASIS SAFE HOUSE PROGRAM

In 2024, Oasis House provided over 26,000 hours of safe housing.

Safe and stable housing is the foundation for a survivor's journey to healing and empowerment. More than just a place to stay, a secure environment provides the stability needed for trauma recovery, personal growth, and renewed independence.

At Oasis House, we are deeply committed to maintaining a safe, welcoming, and well-kept home where survivors can heal and rebuild their lives. To ensure their security and well-being, staff is available daily to residents as well as on-site every night.

With access to essential life skills, education, and vocational training, survivors gain the tools to navigate daily challenges and achieve self-sufficiency. When provided with a strong foundation, they can confidently move forward and thrive.

The stress-free and lovely home is safe and I felt loved there.

EDUCATION & AWARENESS

Education and awareness about human trafficking and its connection to Child Sexual Exploitation (CSE) are crucial for safeguarding the youth in our community. That's why, in 2024, Oasis House launched the THRIVE curriculum—a groundbreaking workbook designed to help teens conquer child sexual exploitation and abuse. After hundreds of hours of research and multiple focus groups, we developed this thoughtfully crafted, age-appropriate resource to be accessible to churches, schools, and community partners. THRIVE equips youth with the tools to not only recognize exploitation but also take proactive steps to protect themselves and others. This initiative is critical in the fight against human trafficking, as research shows that a significant majority of women trafficked as adults were first exploited in childhood. By educating and mobilizing young people, we are building a future where exploitation has no place.

“I feel better prepared to deal with this if it ever happens to me or a friend.”

OUTREACH

Oasis House is committed to meeting survivors where they are—whether through jail outreach, cyber outreach, street outreach, or partnerships with other organizations. In 2024, we provided over 4,300 direct services, ensuring women received the support and resources needed to move toward stability and independence.

CYBER

Each year, Oasis House personally connects with women experiencing online exploitation, offering not only essential services, but also compassionate support and a pathway to safety, healing, and restoration.

JAIL/PRISON

In 2024, we served over 500 incarcerated women. Our jail outreach is dedicated to building relationships, offering support, and connecting women to vital resources both during their confinement and as they transition back into the community.

STREET

For over 20 years, our street outreach has provided a lifeline to survivors, offering immediate support, safety, and hope. By building trust, we connect women to resources that foster healing and long-term recovery.

COMMUNITY LEADERSHIP

On January 11, 2024, Oasis House hosted the annual Southwest Ohio Human Trafficking Conference. The event brought together professionals, advocates, and community members at the Masonic Center in Dayton for a powerful day of learning and collaboration. Attendees gained valuable insights from expert-led sessions covering critical topics such as familial trafficking, the complexities of labor and sex trafficking, and trauma-informed care. A dynamic panel discussion featuring professionals from various fields fostered meaningful dialogue on combating trafficking across the state.

“I come back to this conference year after year. I learn so much about human trafficking. It is incredibly useful in helping me serve my clients!”

Developing and maintaining these relationships ensures that the women we serve have access to critical resources, safe housing, job training, and emotional support as they rebuild their lives. Together, we are not just changing individual lives—we are strengthening an entire community committed to restoration and opportunity.
